A Map of Vanished Things

LENA FENN

The Waking Lands, Book One

Home was never a place.

Seventeen-year-old Neve has never left the still, safe shore, aching for a world large enough to get lost in. Then strangers come off the evening tide, a weathered man, a hound the size of a table, and a name for what has woken behind her eyes.

Neve is a Reckoner, one of the rare few who can feel the living land move. Across the Sunder Sea lies the Waking Lands, where the ground itself wanders and homes vanish and can never be found again.
